

● FULL CURRICULUM

3 Months. Start to Finish.

The complete roadmap for the Mix It Right One-on-One Course — from your first beat to a fully mixed and mastered, release-ready track.

12 Weeks

3 Months

1-on-1 Live Sessions

24 Classes

01 Music Production

Learn to produce a full track from scratch — DAW, theory, arrangement, genres.

02 Mixing & Mastering

Turn rough tracks into professional, release-ready mixes and masters.

03 Tests & Practices

Apply everything on real assignments with 1-on-1 feedback and a final review.

Class 2 — Final Assessment & Certification

WHAT YOU'LL WALK AWAY WITH

- A fully produced, mixed, and mastered original track — ready to release.
- Hands-on fluency in your DAW, from programming to arrangement to sound design.
- A professional mixing workflow: EQ, compression, reverb, and a repeatable mastering chain.
- Direct, personalized feedback from your instructor on every project you submit.
- A portfolio piece and the confidence to keep producing on your own after the course ends.
